

AVAILABILITY & ORDER ENTRY APP

EASY 24/7 ACCESS FOR REAL-TIME EQUIPMENT AVAILABILITY WITH ABILITY TO CREATE QUOTES AND RESERVATIONS

mobile apps

Mobile phones and tablets are now increasingly a mainstream tool in today's business environment. R2's mobile apps are role-based providing a simple, easy, intuitive and fast path to specific operational information geared towards a given role/function.

R2's Availability and Order Entry Mobile App offers you and your customers 24 X 7 access to the following benefits:

1. Get a real-time snapshot of equipment availability for any timeframe (with images and prices) across all locations.
2. Create a quote or a reservation right from your mobile app into your R2 system. Notify required team-members of further action.
3. Restrict access to equipment visibility and pricing by user.
4. App can be used by your employees and your customers. Give your customers the tools to reach out and get information on a moment's notice and even after-hours! Increase probability of repeat business.

Collecting information is a basic software functionality that most softwares cater for. It is how that data is presented and the insights it provides to enable fast, informed decisions that will hugely differentiate your operations.
