Easy Warehouse Management from your Mobile Device

Unique Business Systems

# PackNShip

Mobile phones and tablets are now increasingly a mainstream tool in today's business environment. R2's mobile apps are role-based providing a simple, easy, intuitive and fast path to specific operational information geared towards a given role/function.

R2's Warehouse Mobile App offers you and your customers 24 X 7 access to the following benefits:

1. Prep, ship and return equipment back to inventory.
2. Manage equipment transfer tasks.
3. Batch return equipment from multiple orders.
4. Pair your mobile device with a Bluetooth scanner for faster operations.
5. Capture images of equipment, when it leaves your warehouse and upon return.
6. Print prep sheets and delivery receipts.
7. Have customers e-sign with their fingertips accepting deliveries.

Collecting information is a basic software functionality that most softwares cater for. It is how that data is presented and the insights it provides to enable fast, informed decisions that will hugely differentiate your operations.
